Dear colleagues,

Reference is made to the attached draft audit report of "UNHCR operations in Japan" addressed to the HC that requires a response by 17 July 2012.

The draft report has taken into consideration comments provided by the Representation on the detailed audit results. If you have any additional comments, kindly ensure they are cleared by the Bureau.

Once cleared by the Bureau, the response can either be sent directly to OIOS by the given deadline (copying Audit Coordination), or it can be sent to Audit Coordination for transmission to OIOS.

We wish to remind colleagues that the response to the draft audit report will be included as an annex to the final audit report.

Thank you for your kind attention.

Kind regards,

Nicholas Birch
